We must show mercy and love, comfort the sick, lift up those who are weak.

I seek my brethren. (3x) I seek my bre - - - - thren.

To thirsty brethren we give refreshing water from God's Word
And those who hunger we feed with milk and meat from God, the Lord
We strive to faithfully work, patiently wait, serve with a spirit meek.
I seek my brethren. I seek my brethren. I seek my brethren.

The Truth we have is a precious gift, our calling from above
And so we labor to follow Him who served with perfect love
In all the things that we think, things that we do, and in the things we speak
I seek my brethren. I seek my brethren. I seek my brethren.

The road that leads us to endless days is not an easy one
But lifting up one another, we will follow Yahweh's Son.
We will show mercy and love, comfort the sick, lift up those who are weak
I seek my brethren. I seek my brethren. I seek my brethren.
